L.dz. 33 /2005

Lublin, dnia: 03-01 -2006 r.

Dear Sir/Madam,

I am writing on behalf of and Mr and Mrs Matyjas, as well as the Fuga Mundi Foundation, based in Lublin, Poland, whose aim is helping the disabled, with a request for help in financing the costs of the treatment of Mr and Mrs Matyjas's daughter, Iwona.

For five years Ms Iwona Matyjas has been ill with the Churg-Strauss syndrome, a rare disorder of the immune system, which has become autoaggressive. The condition has resulted in ever-recurring tumours causing mechanical obstructions of the digestive system. Because of short bowel syndrome caused by multiple and serious surgical interventions, Iwona is forced to remain on Total Parenteral Nutrition as the only way of keeping her alive. Jackson Memorial Hospital in Miami, USA, has undertaken to carry out a bowel transplant as a chance that would allow Iwona to come back to normal life and society. According to the hospital's estimate the cost of the transplant is 545 thousand dollars.

Unfortunately, in view of the fact that the sum estimated by the hospital is very high, the Fuga Mundi Foundation is unable to help Mr and Mrs Matyjas financially. What is more, the financial means of Mr and Mrs Matyjas, as well as those of their families', have been used up because of the continuous high expenditures on Iwona's treatment.

We do hope that the kindness and understanding of others will provide Iwona and her parents with a possibility to raise the necessary funds.

If you would ever kindly consider any financial help to Iwona, the Fuga Mundi Foundation has provided her with a sub-account. The name of the bank is

Bank Pekao S.A. III/O Lublin

and the account number is

18 1240 2382 1111 0000 3901 9318 (SWIFT: PKOPPLPWL3) – IMPORTANT – there has to be an inscription '*DAROWIZNA NA LECZENIE IWONY MATYJAS*' on the money order.

We would like to thank anyone wishing to assist Iwona in her difficult situation on her behalf, as well as on the behalf of her parents and our foundation.

The Vice-President of the Board, Marek Stępnik
